Flexible Payment Options: Leasing is an extremely flexible financing tool. Unlike bank loans that only offer variable payments, leasing can offer flexible payment options which are fixed throughout the entire lease term. Ask a Priority Lease consultant about our step-up, deferral, skip and/or annual payment programs.

Tax Advantages: Leasing provides your company with substantial tax advantages you can't achieve when you pay with cash or finance via a traditional bank loan. Don't wait - maximize your tax benefit this year via the recently modified IRS Section 179 allowing businesses to write off up to \$108,000 in leased equipment. Alternatively, write off 100% of each monthly lease payment as an operating expense throughout the entire term of the lease.
